### **DR. SEBAG**

We are proud to announce that the Orange County Medical Association has selected VMR Institute’s Dr. Sebag as one of the best doctors in Orange County - a true physician of excellence.

The nomination, selection process and criteria were established by a multi-specialty committee of the Orange County Medical Association and approved by the Board of Directors. The OCMA assists Orange Coast Magazine with its annual selection of the best doctors in Orange County, to ensure a fair and broad, locally driven process.
